

The Bachelors (Pushkin Collection)

Leaving the home of his foster mother to begin his working life, young Victor stops to visit his uncle, who long ago sealed himself away from the world, on a island in a lake, high in the Austrian alps. The old man, who has never known love, lives barricaded in a former monastery, surrounded by an atmosphere of death and decay. Portraying the friction between these two characters with keen psychological insight, Stifeters masterful bildungsroman explores conflicting attitudes to life and their existential effects: stillness and movement, light and dark, openness and withdrawal. Pushkin Collection editions feature a spare, elegant series style and superior, durable components. The Collection is typeset in Monotype Baskerville, litho-printed on Munken Premium White Paper and notch-bound by the independently owned printer TJ International in Padstow. The covers, with French flaps, are printed on Colorplan Pristine White Paper. Both paper and cover board are acid-free and Forest Stewardship Council (FSC) certified.
