

Bistro Libido (Chimera Short Story Collection)

I think Ill milk him now.From somewhere - I didnt see where - she produced a single surgical glove which she donned as she approached me, snapping it onto her hand like a consultant about to perform an operation. She walked on her toes, as if wearing invisible stilettos. Her long legs scissored their way across the floor. She stepped round behind me and reached forward with her gloved hand...A man loses consciousness during a dinner date with two mysterious young women. When he comes round he is naked, bound, at their mercy - and in a frenzy of lust!Fleur answers an intriguing advertisement and finds herself shamelessly employed as an object of lust. Not only does it prove to be a most gratifying occupation - she comes to realise its a life-changing experience.The antics of a wanton woman prove too much for the village elders and the uncompromising punishment rituals of a quaint, rural community are revealed when she finds herself On The Frame.From bondage, corporal punishment and gang-bangs to adultery, voyeurism and lesbian lust, Bistro Libido serves up a menu for the most ravenous customers as the various manifestations of desire and depravity are artfully explored in this steamy collection of explicit stories.
