

Divinity

Rita Pickett has been granted a trust, provided she meets four basic conditions. She must be twenty-one, of sound mind and body, chaste, and be a member of a religious group. When Rita fails to meet the last required condition of the trust, she takes advantage of the second chance clause which states she must have a daughter who is also required to meet the same conditions. Will Divinity, Ritas adopted daughter, be able to live up to the standards Rita once found impossible?
