

## Essays on Life, Art and Science

Essays on Life, Art and Science is a collection of essays and lectures by Samuel Butler which were mostly published during 1890 in The Universal Review. The collection contains a variety of essays and lectures some of which deal with his own theories and experiences while other discusses theories of renowned scientists such as Darwin. Ramblings in Cheapside, The Deadlock in Darwinism, and A Medieval Girl School are some of the essays included in this collection.
