

Two Men and a Lady

After their wild weekend with the handsome blonde Luke (read about it in the Two Men and Lady Prequel in our Ravenous Rendezvous category), Eve and Jason try to settle down and forget about him. When neither of their hearts can move on, though, Eve seeks him out to see if he would like to pursue a real relationship if its possible. Of course, there are many pitfalls to any new love, and its even harder to develop a relationship between three people. Luke is a man with an open heart but some lingering pain in his past. He cares deeply about both Eve and Jason, but is unsure of how he fits into their long-lasting relationship. Its a struggle for him to figure out his place in the threesome when theyre so obviously made for each other. Can Eve and Jason make room for him through passionate love and tender courtship? Or is this love triangle doomed to fail? Talented new author Brit M. has crafted a scintillating and wildly titillating story in three parts. You can read about Eve, Jason, and Lukes adventures in this novel as well as the two short stories that book-end it.
