

At The Height Of The Moon (Pentecost Family)

The chaotic Pentecost home is thrown into further turmoil by the arrival of three young visitors: the enigmatic David; the beautiful Jenny with her penchant for older men; and Emma, Gaylord's feisty cousin. Gaylord usually handles those around him with ease and cunning but he has well and truly met his match with Emma. Then, without warning, a threat from outside enters their lives. The idyllic countryside surrounding the Pentecosts' home holds an unknown danger as fear takes a grip. Eric Malpass skilfully maintains his sense of fun as tension mounts and the danger gets ever more acute. The Author: Eric Malpass is best known for his wry and perceptive stories about the chaotic and charming Pentecost family. He also wrote biographical novels, amongst them an absorbing trilogy of Shakespeare's life. His novels have been translated into many languages and he has a devoted European readership. Born in Derby in 1910, Eric Malpass worked in a bank after leaving school, but his firm ambition was to become a novelist and he wrote in his spare time for many years. His first book, *Mornings at Seven*, was published to wide acclaim. With an intuitive eye for the quiriness of family life, his novels are full of wry comments and perceptive observations. This exquisite sense of detail has led to the filming of three of his books. His most engaging character is Gaylord Pentecost, a charming seven-year-old who observes the strange adult world with utter incredulity. Eric Malpass's biographical novels were carefully researched and highly evocative of the period. Among these is *Of Human Frailty*, the moving story of Thomas Cranmer. With his amusing and lovingly drawn details of life in rural England, Malpass's books typify a certain whimsical Englishness, a fact which undoubtedly contributes to his popularity in Europe, especially Germany, where they have been at the top of *Der Spiegel's*

best-seller list. Married with a family, Eric Malpass lived in Long Eaton, near Nottingham, until his death in 1996.
