

## Gay Erotica: A Sea of Possibilities: (A M/M Romance)

When Greg found the island apartment he thought it was the perfect escape from everyone around him. He had no reason to expect that he would meet the perfect man while out for a swim. There's just one problem. He isn't human. Exert: Is that it? Triton asked, bringing Greg back to the situation at hand. You don't care where I cum so long as you get it, huh? Greg didn't even try to say anything. He just clenched his fingers around the globes of Triton's ass, pulling him as close as he could. Then he felt the head of the cock in his mouth pulse, beginning to throb. Triton pulled back without pulling out entirely. Greg felt his mouth fill to the brim with a huge wad of nectar, so much that it began to drip out of his mouth before he could swallow. As he swallowed Triton's seed, the other man pulled out, still cumming. Instead of cumming on his face though, Triton caught his seed in his hand. I'm going to fuck you now. Triton told him. Would you like that? Warning: Absolutely NOT for children, this is intended for mature audiences ONLY Contains scenes of graphic homoerotic nature and extreme BDSM 10,000 word erotic novella
