

## Singles Holiday (Singles Trilogy Book 1)

Antigua... the Caribbean at its most luscious, its most beautiful... silver sand, cobalt sky, warm turquoise sea... and a bunch of complete strangers, who only have one thing in common: they're single. Some are looking for romance, some for something more. But they've all chosen to spend their holiday with people they have never met before. And pretty soon, some will become good friends, some enemies and some lovers. And many of them will experience things they never expected, including their tour manager Eve, who perhaps has the biggest shock of all. A story that will make you laugh and make you cry with just the right number of twists to keep you turning the pages as you get to know all the members of the group as they, in turn, get to know each other.
