

Journeys: An Anthology of Life

Lesbian Fiction: Anthology of Short Stories: Life is a journey that all must travel, often alone, sometimes with others. It is a road filled with the deepest of sorrows and the highest of joys, but mostly the mundane. This anthology is about my travels but I believe they reflect what many have experienced. From the first to the very last the collection is a rollercoaster of emotions. Some, I hope will make you laugh so hard you will cry, while others may cause your heart to ache. Within each story is a little piece of myself, a small window into my world. They are short trips which I invite you to share with me... a journey into my life and perhaps into your own.
