

## The Gentrys: Cinco

Rancher, security expert, family man. Cinco Gentry has already had enough excitement for one lifetime. Now all he wants is to run his ranch and his family without any complications. Until the arrival of U.S. Air Force Captain Meredith Powell changes everything. Forced to stay at the ranch for her own safety, she resists Cinco at every turn, until danger drives her into his passionate embrace. But will the sexy cowboy be enough to satisfy her thirst for adventure once the danger is gone?
