

## A Minor Planet for You: and Other Stories (cuRRents)

Told with arresting candor, Leslie Greentrees short fiction creates the satisfying sense of discovering someones long-kept secret, or the guilty pleasure of overhearing a scathing conversation. A housewife indulges in monthly purchases of specialty vinegar and savours her romantic fantasies about the local grocery store manager; a daughter catches glimpses of herself in the face of her mothers suffocating attentions; a minor astronomer accumulates star charts and wasted nights rather than tender moments with his wife. A Minor Planet for You explores the often wry, sometimes dark but consistently fragile constellations of human relationships. Intricately and subtly developed, a smart irony permeates these stories. Gloria Sawai Leslie Greentrees stylistic see-sawing between comedy and tragedy is one of the main reasons why this book is hard to put down. Lisa Grekul
